Language Arts Assignment
Vocabulary 3

Directions:

1. Read all of these directions before beginning the assignment.
2. In your Language Arts Notebook, write “Vocabulary” at the top, as the title for the assignment. Write the date in the upper right-hand corner of the page.
3. Trim the word sheet you were given in class and attach it to the page.
4. Complete the sheet, thoroughly and correctly. The box titled “Illustration” is optional, but all other sections must be completed.
5. Choose one form of the word which you have learned and write 1 - 3 sentences in which you use the word at least once. Your sentences must clearly demonstrate an understanding of the word and its meaning. The teacher should be able to deduce what the word means based on the text in your sentence. For example, a sentence like, “I have the power of deduction,” does not make the meaning of the word deduction clear. However, a sentence like, “I have the power of deduction and have solved many crimes by simply studying the evidence,” gives enough information for the reader to be able to deduce what the word means. You must also use the word in the form you have chosen correctly. For example, if you choose to use the adjective form of the word, you must use the word as an adjective in your sentences.
6. After completing the assignment, re-read what you have written, making any necessary corrections or changes. This should be your BEST work.
7. Mark the date on which you completed this assignment on your work plan.
8. Turn your Language Arts Notebook into your mailbox as soon as you have completed the assignment, but no later than the due date listed on your work plan.
