Writing Assignment
Creative Writing 9

Directions:

1. Read all of these directions before beginning the assignment.
2. In your Writing Notebook, on the next blank page in the assignments section, write “Creative Writing 9” at the top, as the title for the assignment. Write the date in the upper right-hand corner of the page.
3. Re-read all of your previous drafts of your story. After re-reading all of the previous drafts, decide on an appropriate title for your story. Write the title in your notebook.
4. Make any changes, corrections, additions, or deletions to your previous drafts which you feel will make your story a good, final version. This is a version of your story that you feel is ready for “publication”. This version MUST be typed, following the guidelines for typing assignments which you were given in class.
5. Re-read what you have written, making sure there are no additional necessary changes or corrections. This should be your BEST work.
6. Ask the teacher to print out the final version of your story. You will NOT trim or attach this into your notebook.
7. Mark the date on which you completed this assignment on your work plan.
8. Turn your Writing Notebook into your mailbox, as well as the printed version of your final draft (use your purple and green folders to turn in the story) as soon as you finish the assignment, but no later than the due date listed on your work plan.
