Speech Assignment
Preparation – Demonstrative

Directions:

1. Read all of these directions before beginning this assignment.
2. In the Speech section of your notebook, skip a line from the previous entry and write, “Prep”, centered on the page, as the title for the assignment. Write the date to the right of the title.
3. You will not need to create a visual aid for this speech. The materials you will be using for your demonstration serve the purpose of a visual aid.
4. Create your notecards. You may use 3 one-sided 3 x 5 notecards. Notecards are to contain bullet points only, not complete sentences. The only exception to this is if you wish to write out your opening line, your thesis statement, and your closing statement.
5. Trim and attach a minimum of two practice sheets into your notebook. You must practice at least two times and fill out a sheet for each practice session. Your practice should include the use of your materials. If you cannot use the actual materials, you must at least pretend and go through the motions of the demonstration portion of your speech.
6. Mark the date on which you completed this assignment on your work plan.
7. Turn your notecards, using your purple and green folders, as well as your notebook, into your mailbox, as soon as you finish the assignment, but no later than the due date listed on your work plan. If you do not wish to bring your visual aid (materials) to school before your presentation, you must take a picture of them and send it to the teacher, no later than the due date listed on your work plan for this assignment.
